So per my conversation with BCD on the phone right now, if we tamper with rebooking the connection right now starting from Durango, we will lose the seats we already have on the 4:07 out of Durango to Denver. BCD suggests that once the ticket says used ( in flight on the 4:07pm) we can then exchange the connecting flights from Denver to IAD leaving at 8:15pm.

Gail per my voice mail was booking my hotel when I casually asked about DEN to BWI flight TONIGHT and they told me there were 20 available seats.

Departs DEN tonight at 8:15pm enroute BWI

Matt - thru Arian - said to re tool the thing bringing us back tonight.
